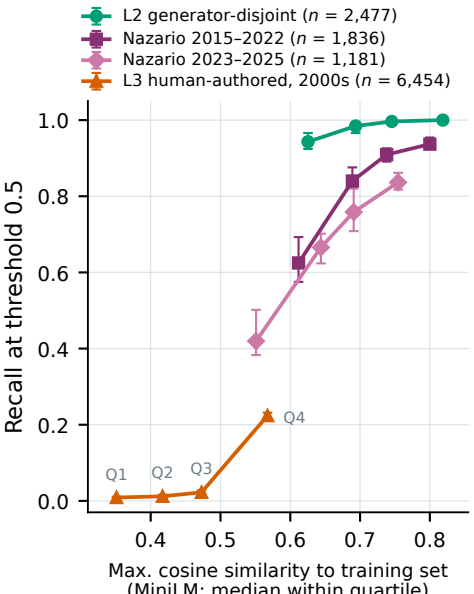
(a) Recall vs proximity

augmented word TF-IDF, 5 partitions



(b) Topic shares and per-topic recall

12 NMF topics, rows labelled by their first three terms; sorted by share of L3 human phishing

	Share of each corpus's phishing (%)					Recall at 0.5 (word, aug.)	
	PhishFuzzer phishing	L2 phishing	L3 human phishing	Nazario 2015–22	Nazario 2023–25	L3 human phishing	Nazario 2015–25
